Re: Village of Evergreen Park – T01-0059

Dear John:

The Department is in receipt of the proposed Draft Order distributed by Commerce Commission Staff on January 15, 2002 via facsimile, relative to the above-referenced matter.

The Department requests that the following changes and/or additions be made to the proposed Draft Order:

- The heading of the graph in Finding (7) on page 4 of the Draft Order should be revised to eliminate any reference to the Department, since the Department is not aware of nor has it agreed to any funding by the state, and
- A provision should be added to the Draft Order directing all bills be submitted to James J. Sexton, Evergreen Park Village Clerk at 9418 S. Kedzie Avenue, Evergreen Park, Illinois 60642.

Except for the above-suggested changes/additions, the Department has no objection and hereby approves of the form of the above-mentioned document as presented by the Illinois Commerce Commission on January 15, 2002 and consents to its submission as an Exhibit during the hearing scheduled for February 1, 2002. However, since Federal Funds are involved, the Department hereby makes a request that a Proposed Order be issued prior to any Final Order.

Respectfully,

Stacey C. Hollo
